

Pressure control valve (PCV) F-Series

Extremely lightweight and compact pressure relief valve made of high-strength aluminum; Opening pressure according to customer specifications

Article no: Z-V 2100 06XX (-06 connector)

FORM

- Weight: 20 g (-06 connector)
- Length: 53 mm (-06 connector)
- Material:
 - Housing: EN-AW 7075
 - Seal: BF750
other sealing materials optional
- Surface: Black anodized

FIT

- Connections: -6, further connections on request
- Application: Protection of pipeline systems, tanks, etc. from overpressure, pressure control valve for defined system pressures
- Mounting position: any

FUNCTION

- Piston valve
- Opening pressure: according to customer specifications
- Bursting pressure : 170 bar
